

## Specification

Finger print	8000
Transaction	100,000
Port	TCP/IP-RS485-Rs232-USB
Language	English interface
Display	Color TFT
Reader	built in

IDF3500 have 3" color Screen display with easy user interface  
IDF3500 have TCP/IP ,RS485,RS232 & USB Host for computer communication  
IDF3500 have 630MHz Strong CPU ,265MByte Flash Memory & 64MByte SDRAM  
IDF3500 have very strong touch key bad with 4 function key  
IDF3500 have Very strong Function for Time & Attendance Function  
IDF3500 have very strong optical finger print sensor and RF Reader which can be RF or Mifare or HID  
IDF3500 can optionally have RF or HID or Mifare card Reader  
IDF3500 have 2 casing Colors Gray and black  
IDF3500 have USB Port for Flash memory to make backup for Finger Template and transaction  
IDF3500 can be ordered with WiFi Option  
IDF3500 can be ordered with GPRS Option  
IDF3500 can verify 10000 Finger in 1Sec
